Cuadriláteros

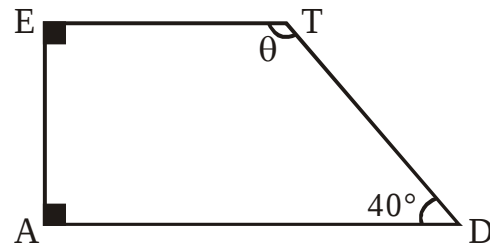

GEOMETRÍA

Quinto Grado de Primaria

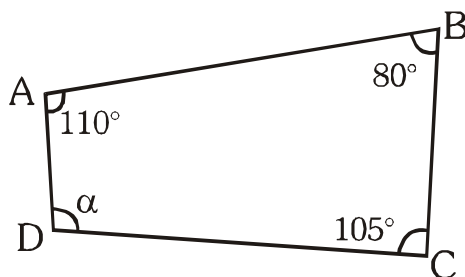

1. Hallar la mediana del trapecio ABCD

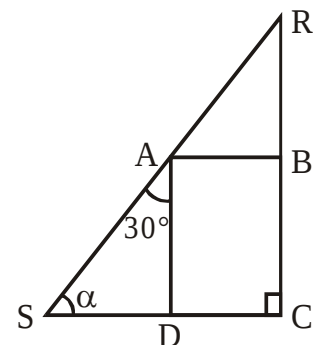

3. En la figura, calcular θ

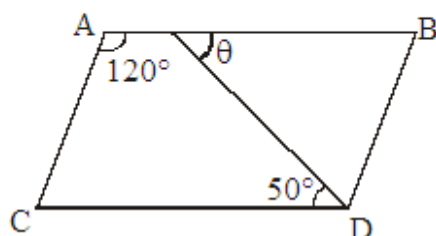

2. En la figura, hallar.

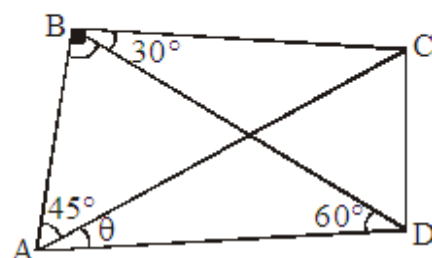

4. Del gráfico, calcular.

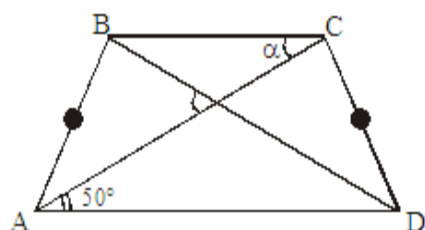

5. En el gráfico, hallar θ . Si ABCD es un romboide.

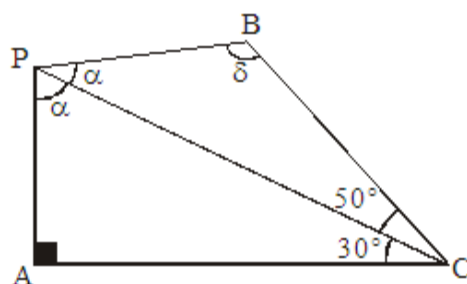

9. En la figura, calcular θ .

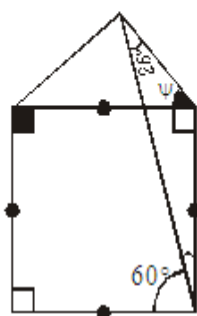

6. En la figura, calcular α (Si $\overline{BC} \parallel \overline{AD}$)

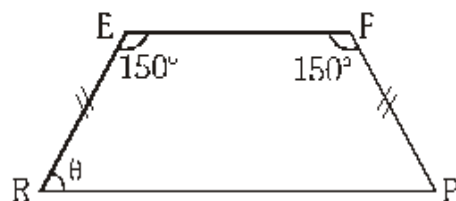

10. En la figura, hallar δ .

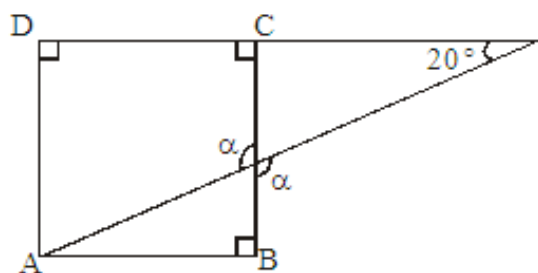

7. De la figura, calcular ψ .

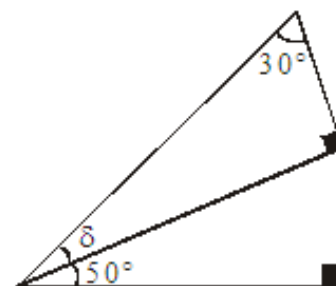

11. De la figura, Calcular θ ($\overline{EF} \parallel \overline{RP}$)

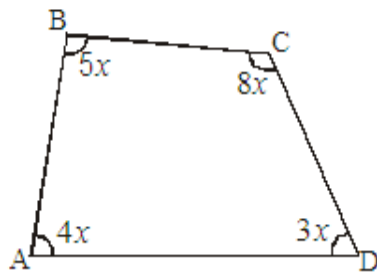

8. En la figura, calcular α .

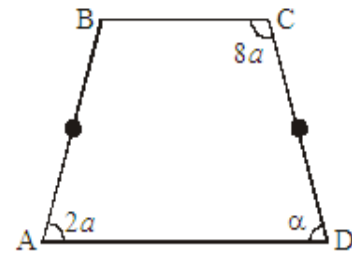

12. En la figura, calcular δ .

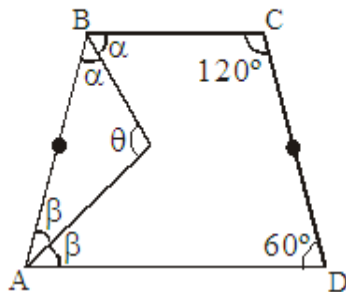

13. Calcular el valor de x .

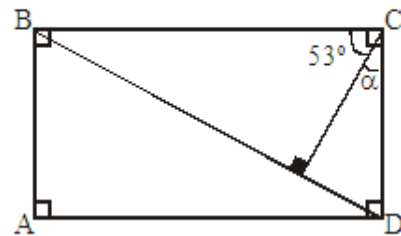

15. Hallar α ($\overline{BC} \parallel \overline{AD}$)

14. En la figura, hallar θ .

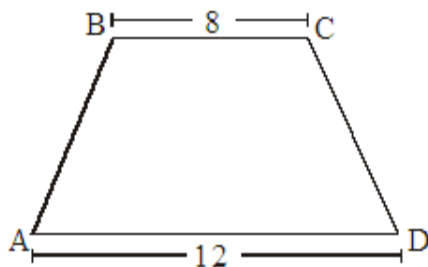

16. De la figura, calcular α .

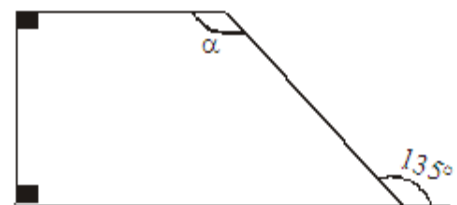

TRABAJEMOS EN CASA

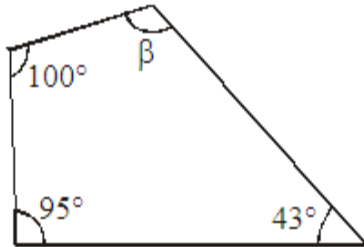

1. Halla la mediana del trapecio :

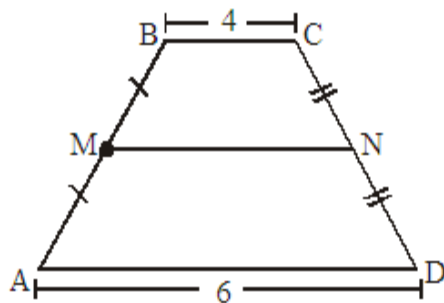

2. Calcular el valor de α en :

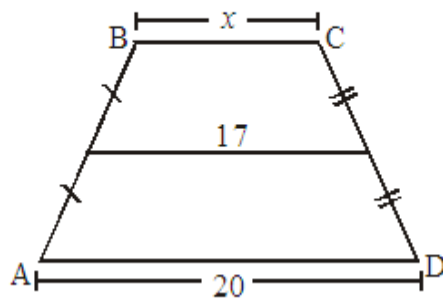

3. En la figura, calcular el valor de β .

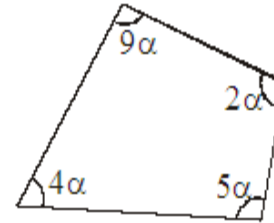

4. Calcular MN, si: ABCD es un trapecio.

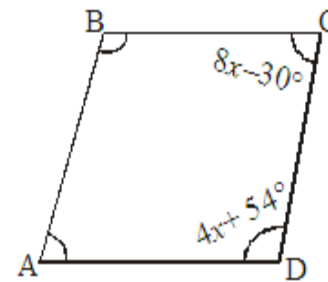

7. Halla x en el trapecio ($\overline{BC} \parallel \overline{AD}$)

5. Calcular el valor de α en :

6. Calcular el valor de x . Si ABCD es un romboide

8. Halla α : Si ABCD es un romboide:
