Descarga Gratis Fichas de Matemática para Inicial, primaria y Secundaria

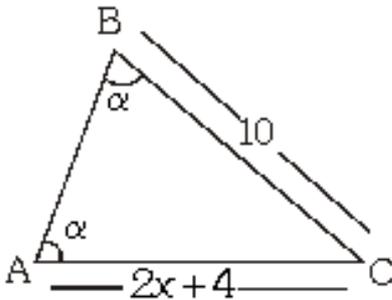

Triángulos

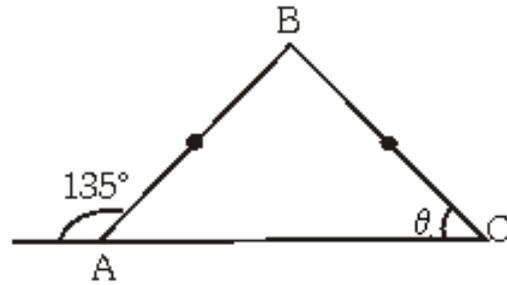

GEOMETRÍA

Quinto Grado de Primaria

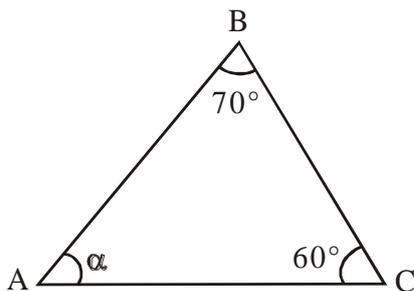

1. En la figura, calcular x

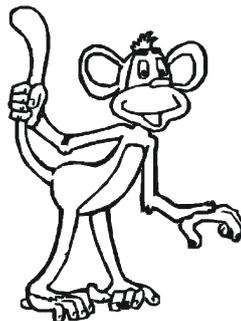

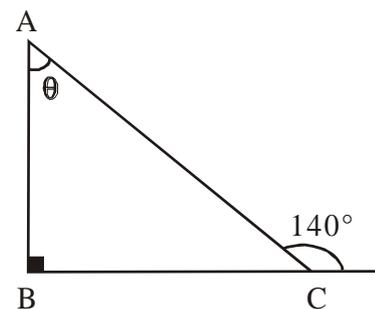

3. En la figura:

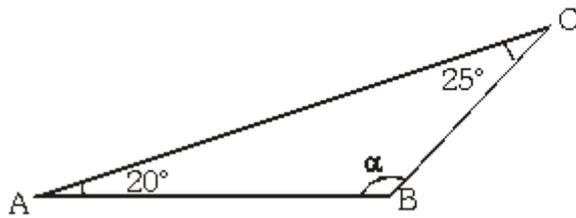

2. En la figura, calcular

4. En la figura, calcular

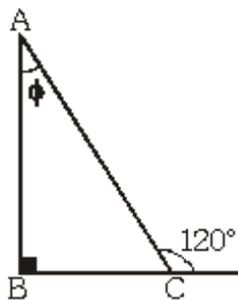

5. En la figura, calcular α .

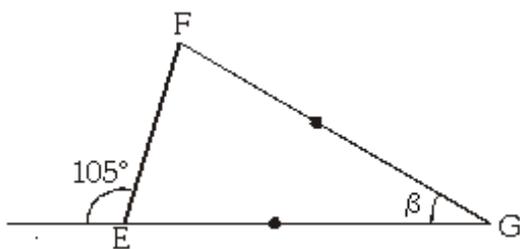

6. Calcular γ .

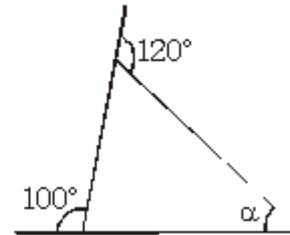

7. En la figura, calcular ϕ .

8. En la figura, calcular β .

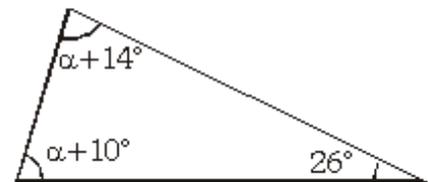

9. En la figura, calcular α .

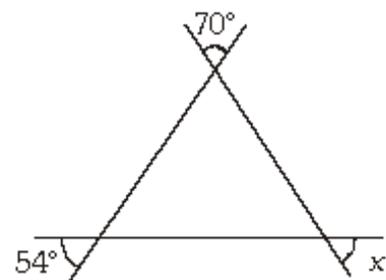

10. De la figura, calcular ψ .

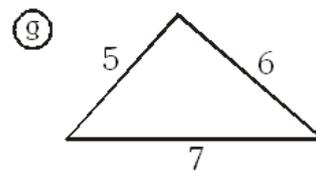

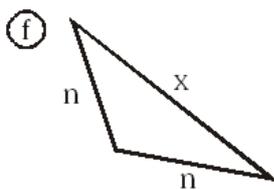

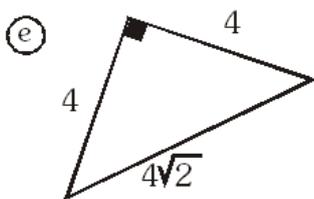

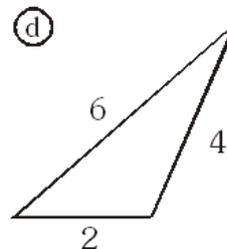

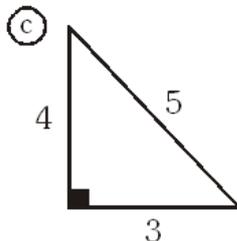

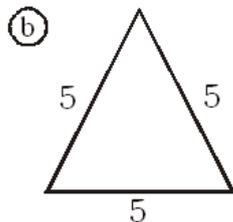

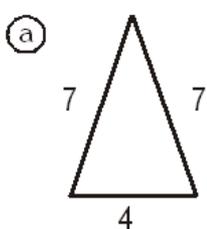

11. Calcular, α en:

12. Calcular x en:

13. Dados los triángulos, completa el cuadro colocando un SI donde corresponda :

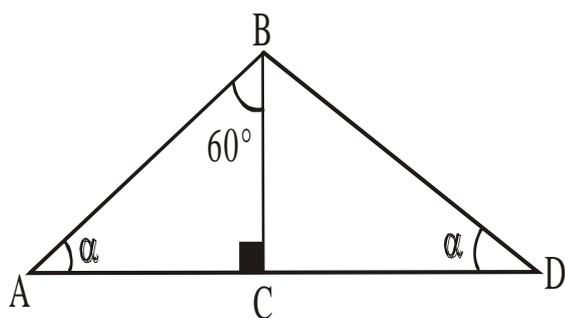

TRIÁNGULO	a	b	c	d	e	f	g
EQUILÁTERO							
ISÓSCELES							
ESCALENO							
RECTÁNGULO							
ACUTÁNGULO							
OBTUSÁNGULO							

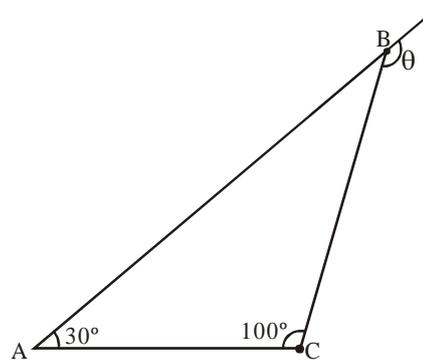

TRABAJEMOS EN CASA

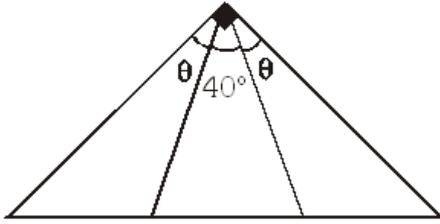

1. Calcular

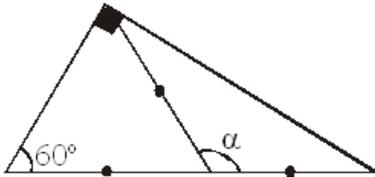

2. De la figura, calcular.

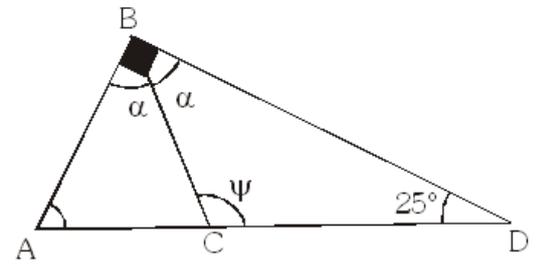

3. De la figura, calcular θ .

4. Calcular α .

5. Calcular ψ .

6. Del gráfico, calcular δ .
